

Weekend Cycling Getaway

A three-day cycling trip with an easy warm-up ride, a full day of rolling hills, and a farewell morning spin. Includes accommodation, meals, and route details. Perfect for recreational cyclists looking for a weekend adventure.

Day 1 — Arrival & Easy Spin

Travel to Destination Transport

Description:	Drive or train to the cycling base. If transporting bikes by car, check rack security before departure. Train services with bike carriages should be booked in advance during peak season.
Duration:	2h 0min
Price:	30 €

Guesthouse Check-in Accommodation

Description:	Cyclist-friendly guesthouse with secure bike storage, basic tools, and a wash station. Close to the start of the cycling routes. Ask at reception for local route maps and current road conditions.
Check-in:	Invalid Date
Check-out:	Invalid Date
Price:	85 €

Warm-Up Ride ●●●●● Easy Activity

Description:	Easy loop along flat terrain to stretch the legs after travel. Follow the river path or lake shore — minimal traffic, good surface. Use this ride to check bike setup, test gears, and adjust saddle height.
Distance:	25.0 km
Duration:	2h 0min
Start Time:	15:30
Elevation Gain:	50 m

Dinner Meal

Description:	Dinner at a local restaurant. Carb-load for tomorrow's longer ride — pasta, rice, or potato-based dishes work well. Hydrate throughout the evening.
Price:	25 €

Day 2 — Full Day Ride

Morning Ride Through Rolling Hills Moderate Activity

Description:	Head out on the main route through rolling countryside. Moderate climbs with rewarding descents. The road surface is generally good with some gravel sections. Stay together on descents and regroup at the top of each climb.
Distance:	45.0 km
Duration:	3h 30min
Start Time:	08:00
Elevation Gain:	600 m

Route Details Info

Description:	Total climbing approximately 600 m over the morning section. Two main climbs of 3-4 km each at 4-6% gradient. Water refill available at the village fountain at km 22. The gravel section between km 30-35 is rideable on road bikes but be cautious.
Group Size:	6-12 riders, 1 guide
Fitness Requirement:	Recreational — 115 km over 3 days, 1,050 m climbing

Lunch Stop Meal

Description:	Lunch at the halfway point village. Refill water bottles, check tire pressure, and rest in the shade. Keep it light — heavy meals before afternoon riding cause sluggishness.
Price:	15 €
Duration:	1h 0min

Afternoon Return Loop Moderate Activity

Description:	Return via a scenic alternative route. Slightly shorter but includes one longer climb. The descent back to base offers wide views and a long, smooth downhill finish. Regroup before the final descent.
Distance:	30.0 km
Duration:	2h 30min
Elevation Gain:	350 m

Bike Maintenance & Rest Free Time

Description:	Clean bikes, lube chains, check brakes and tire wear. Rest and stretch — foam rolling the quads and calves helps recovery. Use the guesthouse tools or ask about a local bike shop.
Duration:	1h 30min

Day 3 — Short Ride & Departure

Farewell Morning Ride Easy Activity

Description:	Short, easy ride to a scenic viewpoint as a final spin. Flat to gently rolling terrain, no rush. Take photos, enjoy the morning air, and say goodbye to the landscape.
Distance:	15.0 km
Duration:	1h 30min
Start Time:	07:30
Elevation Gain:	50 m

Brunch Meal

Description:	Relaxed brunch after the ride. A proper sit-down meal to refuel before the journey home. Try local specialties you might have missed.
Price:	18 €

Check-out Accommodation

Description:	Pack up, retrieve bikes from storage, and check out. Settle any extras at reception. Double-check the room for chargers, clothing, and cycling accessories.
--------------	---

Return Journey Transport

Description:	Drive or train back home. If driving, secure bikes carefully for the return. Allow extra time for traffic if departing on a Sunday afternoon.
Duration:	2h 0min
Price:	30 €

Trip Notes Info

Description:	Weekend totals: 115 km over three days with about 1,050 m of climbing, spread as 25 km easy, 75 km on the full day and a 15 km spin to finish. Note any mechanical issues for future bike maintenance, and save the GPS tracks — this route works equally well ridden in reverse.
--------------	---

What's Included Info

Description:	Two nights at the cyclist-friendly guesthouse with secure bike storage and a wash station, dinner on day one, the day-two lunch stop and the day-three brunch, a route guide riding with the group, GPX files for all three routes sent a week ahead, and roadside mechanical support for punctures and adjustments.
--------------	--

What's Not Included Info

Description:	Your bike — this trip assumes you bring your own, and hire can be arranged locally for roughly 35 EUR per day if you ask when booking. Also excluded: helmet, which is mandatory and not loaned; travel to and from the base beyond the listed transfer; spare tubes and tyres; drinks; and anything bought at the village fountain stop. There is no support vehicle on this itinerary, so what you cannot carry stays at the guesthouse.
--------------	--

Insurance & Documents Info

Description:

Travel insurance covering road cycling is required, and it is worth reading rather than assuming: some policies exclude cycling entirely and others cover it only off public roads. Bring photo ID, your insurer's emergency number, and a card with any allergies or medication on it in your jersey pocket rather than only on your phone. No permits are needed for these routes.
