

Weekend Road Trip

A three-day driving adventure with scenic routes, small-town stops, and roadside attractions. Covers driving segments, accommodation, and sightseeing. Adaptable to any region with interesting roads and destinations.

Day 1 — Hit the Road

Road Trip Overview

Info

Description:	Three-day driving loop covering approximately 500 km of scenic roads. Two overnight stops in small towns. The route includes mountain passes, coastal stretches, or rural backroads depending on the region. Check vehicle condition before departure — tires, oil, coolant, and a full tank.
Group Size:	2–4 people, one vehicle
Fitness Requirement:	None — short walks only, 500 km of driving

Drive to First Stop

Transport

Description:	First driving leg to the first overnight town. Take the scenic route rather than the motorway — the extra hour is worth it for the views. Plan a coffee stop at a village along the way.
Duration:	3h 0min
Start Time:	08:00
Distance:	150.0 km

Explore First Town

 Easy

Activity

Description:	Walk through the town center, visit the main square, and get oriented. Check the local information office for recommendations on hidden gems, viewpoints, and restaurants. Most small towns have a charming old quarter worth an hour of wandering.
Duration:	1h 30min

Roadside Inn

Accommodation

Description:	Overnight at a local guesthouse or small hotel. Choose accommodation in the town center for easy access to restaurants and morning walks. Ask about parking — some historic centers restrict vehicle access.
Price:	90 €
Check-in:	Invalid Date

Dinner

Meal

Description:	Dinner at a restaurant recommended by the guesthouse. Try regional specialties — road trips are a great opportunity to sample local cuisine. Book ahead in small towns, especially on weekends.
Price:	30 €

Day 2 — Scenic Drive & Exploration

Scenic Drive to Highlight Area Transport

Description:	The main driving day. Follow the scenic route through the most dramatic landscape of the trip — mountain passes, river valleys, or coastal cliffs. Stop frequently at pullover points for photos. Drive defensively on narrow mountain roads.
Duration:	2h 30min
Start Time:	09:00
Distance:	120.0 km

Driving Notes Info

Description:	Key information for today's drive: fuel up before leaving town (next station is 60+ km away). The pass road has several hairpin turns — use low gear on descents. Best photo stops are at km 45 (panoramic viewpoint) and km 78 (bridge overlook). Speed limits drop to 30 km/h through villages.
--------------	---

Main Viewpoint & Attraction ●●●● Easy Activity

Description:	Stop at the day's main highlight — a dramatic viewpoint, waterfall, castle ruin, or natural landmark. Allow enough time to explore properly rather than rushing through. Short walking trails often lead to better vantage points than the parking area.
Duration:	2h 0min

Lunch Meal

Description:	Lunch at a roadside restaurant or picnic at a scenic spot. Pack provisions from the morning town if restaurants are scarce along the route.
Price:	20 €

Afternoon Exploration ●●●● Easy Activity

Description:	Explore the afternoon destination — a second town, nature reserve, or cultural site. This is the flexible part of the day — adjust based on energy, weather, and what you discover along the way.
Duration:	1h 30min

Second Night Accommodation Accommodation

Description:	Second overnight stop. Choose between a charming guesthouse, a farm stay, or a boutique hotel depending on the area. Confirm the booking includes parking.
Price:	95 €
Check-in:	Invalid Date

Day 3 — Return Journey

Morning Walk or Visit ●●●●● Easy Activity

Description: Short morning activity before hitting the road — a local market, a short hike to a nearby viewpoint, or breakfast at a special spot. Make the most of the final morning before the drive home.

Duration: 1h 30min

Start Time: 08:00

Return Drive Transport

Description: Final driving leg back to the starting point. Choose between the fastest route (motorway) or one last scenic detour. Factor in potential Sunday afternoon traffic if returning to a city.

Duration: 4h 0min

Distance: 230.0 km

Trip Summary

Description: Trip totals: approximately 500 km driven over 3 days. Note fuel costs, toll charges, and parking fees for expense reporting. Save any restaurant recommendations for future reference. Check vehicle for any stone chips or road damage before returning a rental.

What's Included Info

Description: Two nights in town-centre guesthouses with parking confirmed, both dinners, a route plan with the scenic alternatives marked rather than the motorway line, and offline maps for the stretches without signal.

What's Not Included Info

Description: The vehicle and its fuel, tolls and any vignette, lunches, entry fees at the attractions along the way, and parking in the historic centres, which is usually paid and rarely obvious. Nothing here needs a rental car specifically — this route works just as well in your own.

Insurance & Documents

Description: A valid licence for the vehicle you are driving, and an International Driving Permit if your licence is issued outside the region — cheap, quick, and the thing that turns a routine police check into a problem. Bring the vehicle registration and insurance documents, and know that many historic centres are camera-enforced restricted zones where a fine arrives months later.
